June 16, 2011

Notice to All Auxiliaries and Members:

We have been advised by staff at the Shriners Hospitals that we need to make a change in the hospital gowns going forward. They do not want tie closures on the shoulders and arms. The reason being that the patients have been able to untie them and get their IV lines tangled. They would like us to use snaps or velcro dots across the shoulder and arm area. We need to make the required changes on the hospital gowns currently on our shelves. If any of you ladies would like to help in this regard, please let us know, and we will see that you get a shipment for reconstruction.

If you have questions regarding this request, please contact the Clothing Chairman, Sue Doty at 651-455-0216 or e-mail - suedoty@msn.com; or Pat Jansen at 763-420-3355 or pat.jansen48@gmail.com.

We know that this is an inconvenience for you, but we do appreciate your cooperation in this very important change.

Darlene Kincaid
Chairman
Womens General Auxiliary
