The Womens General Auxiliary provides a permanent Memorial Book for each year in which proper recognition is given to those who have so generously supported our work through their gifts to our Memorial fund. The books are displayed on a beautiful cherry cabinet in the auxiliary sunroom and may be viewed by all visitors.

The Memorial Chairman should maintain this record of memorial and honorary gifts received by your auxiliary. The yellow Memorial Record sheet is a sample and the white Memorial Records sheet is for your future use.

After a white sheet is completely filled, insert that sheet into a large mailing envelope (with a cardboard backing to prevent bending or folding) and mail to the address above.

If you have not completed an entire sheet by the end of the calendar year, please forward the listing as is. It is important that we have records from every auxiliary. These sheets will be filed in the permanent Memorial book.

These memorial and honorary gifts are used to purchase and maintain wheelchairs for the children at our hospital.
